ONLY BRIEF SHOW OF THE PRODUCE MARKET FIRMNESS IN MARKET

Lead Shows Declines; Iron Mar- Lively Demand for Fruits and Heavy Selling by Longs Is Cause of Decline in All Deliveries; Close Easy.

> CHICAGO, May 13.—The wheat market made a brief show of firmness at the start owing to a sharp bulge in the price of May corn, but heavy sales by prominent longs soon caused a decline in all deliveries. The selling was largely due to the excellent weather now prevailing over the entire winter and spring wheat territories in this country and Canada, and to talk of shutting down of a large number of flour mills in the Northwest due to an accumulation of stocks of flour. The market closed easy. July opened unchanged to i@ic higher at 90k to 90k 90k, sold at 90k and then declined to \$9k 80k. The close was at \$9k.
>
> Additional rain over the entire corn belt caused strength in the corn market. The close was strong. July opened a shade to i@ic higher at 64k to 64k. May sold between 72k and closed at 6k. May sold between 72k and Toke, and closed at 7k.
>
> Trade in oats was quiet. July opened ic higher at 47k, sold between 46k and closed at 4k.
>
> Provisions were easy. At the close July Pork was 2k lo lower, lard was down 2k@5c and ribs were 2k lower.
>
> RANGE OF THE LEADING FUTURES. Business brightened up considerably on the Sait Lake City produce market Wednesday and, with but few exceptions, everything sold unusually well. The greatest demand was for fruits and vegetables. Meat and fish also met with a ready sale. The call for poultry was not general, owing to the price being rather high. not general, owing to the price being rather high.
>
> Nothing new was seen on the stands, although a large shipment of fruits and vegetables arrived from California. These will be placed on the market some time this morning. A carload of cucumbers and new potatoes from the "Lone Star" State is expected to reach the city today, and a consignment of Idahe apples is promised for the latter part of the week. Strawberries are becoming so plentiful that the dealers are compelled to dispose of the fruit at reduced prices in order to keep it fresh. The quart boxes are now offered at 15c each, or two for 25c, and within the next few days it is probable that they will become still cheaper. At the present time berries are almost as low as at this time last spring.

IF ALL YOU WHO ARE IN NEED OF A SPECIALIST WILL CALL ON ME FIRST YOU WILL NOT HAVE SO MANY DOCTOR BILLS TO PAY. 34 YEARS IN SALT LAKE CITY.

DR. C. W.

THE MICROSCOPIC SPECIALIST

Is the only Scientific Specialist in Sait Lake City using the microscope to form his diagnosis. He will tell each and every one of you just what your disease is, without any information from you; he will tell you all about your disease better than you can tell it you self. By the use of the MICROSCOPE we can detect Calcut, Cancerous Mattar, Carbonate of Lime, Albumen and all extraneous substances mixed with the Urine or Blood. This is the scientific principle of treating Chronic Diseases and Private Diseases. Just call and see for yourselves.
